1. Water bottling completely line(0-24000bottles per hor)

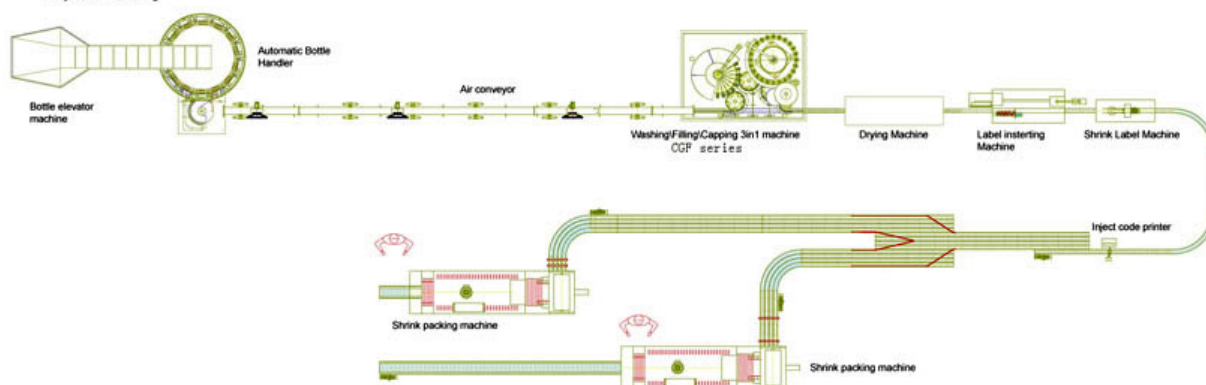

1-01 water filters system

Multi medium filter, Activated Carbon Filter, Sodium Ion-Exchanging Device, Precision Filter
YF Hollow-Fiber Ultra filter / RO Series of Reverse Osmosis Device, Ozone sterilizer

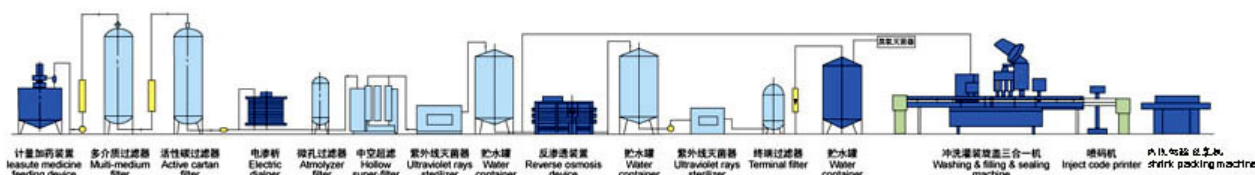

1-02 bottle unscramble machine, bottle washing filling and capping monoblock machine,
lamp checker, labeling machine, ink inject printer machine, film shrink wrapping machine

1-03 bottle blow molding machines

车间布置图
Layout Drawing

纯净水成套生产设备及工艺
Pure Water Production Line And Production Thnique

2. Barreled Water Filling Production Line

2-01 pure water filter system

Multi medium filter, Activated Carbon Filter, Sodium Ion-Exchanging Device, Precision Filter
YF Hollow-Fiber Ultra filter / RO Series of Reverse Osmosis Device, Ozone sterilizer

2-02 filling and packing system

The Barreled Water Filling Machine (QGF series machine) Automatic decapper

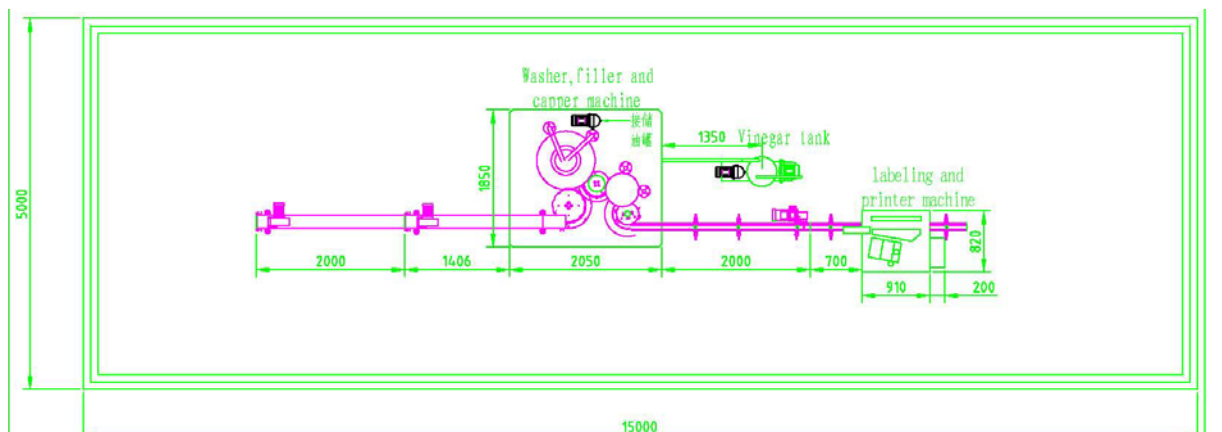

External barrel-washing machine, The cap elevator and washing machine, Thermal plastic machine

2-03: gallon bottle blow molding machine

3-01 bottle unscramble machine, bottle filling and packing 2in1 monoblock machine, glue labeling machine/ adhesive labeling machine, date coding/ ink inject printer

3-02 bottle blow-molding machine

4. Fruit Juice & Tea Filling Production Line

4-01 pure water filter system

Multi medium filter, Activated Carbon Filter, Sodium Ion-Exchanging Device, Precision Filter
RO Series of Reverse Osmosis Device, Ultraviolet ray sterilizer

4-02 Juice, tea mixing system

Melting sugar boiler, Syrup pump, Syrup filter

Beverage pump, Preparation Tank, Beverage pump, Double united filter,

Storage Tank, Homogenizer, Vacuum deaerating machine

Ultra temperature Sterilizer, Beverage pump, Storage/cooling & heating Tank.

4-03

Cap sterilizing cabinet, bottle unscramble, Air convey system, rinse/filling/capping 3in1
monoblock, lamp checking, Horizontal sterilization, Warming/Cooling/can drying machine

Label sleeve machine, Label shrinking machine, Steam generator, Ink jet printer, Film
wrapping machine Shrinking tunnel Conveyor

4-04 CIP system

5. Carbonated Beverage Filling Production Line Machine

SUZHOU YAOSHI MACHINERY CO., LTD
Zhangjiagang City Sanxinghuifeng Machine Factory

Contact: MS.WINNIE

Tel: 13773239403 skype: winnie530609 Mail: winnie@sxhuifeng.com

5-01 water filter system

Multi medium filter, Activated Carbon Filter, Sodium Ion-Exchanging Device, Precision Filter
YF Hollow-Fiber Ultra filter, Ultraviolet ray sterilizer

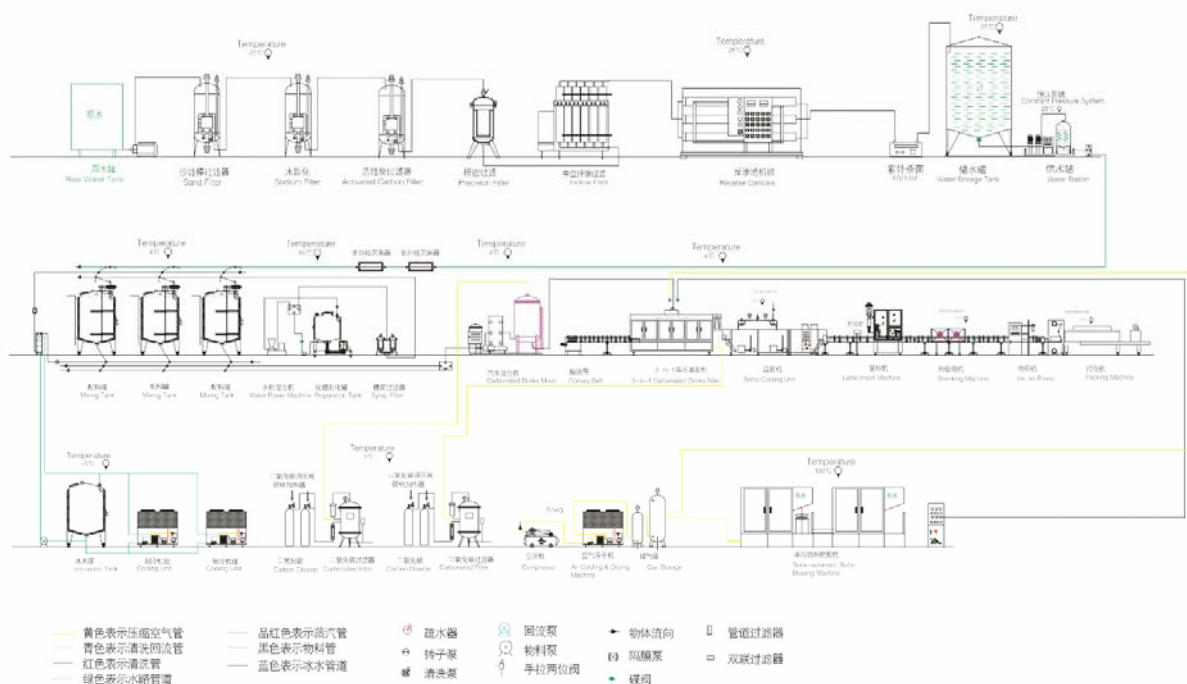

5-02 mixing system

Syrup melting tank, Syrup filter, Prepare tank, Syrup cooler, Syrup pump, Chiller, Cool drink
water tank, Co2 filter, Drink mixer

5-03 filling system

Cap sterilizing cabinet, bottle unscramble, Air convey system, rinse/filling/capping 3in1
monoblock, lamp checking, Warming/Cooling/can drying machine

Label sleeve machine, Label shrinking machine, Steam generator, Ink jet printer, Film
wrapping machine, Shrinking tunnel, Conveyor

6. Beer Beverage Washing Filling Capping 3-In-1 (BXGF SERIES)

6-02 filling system

Rinse/filling/capping 3in1 monoblock, lamp checking, Labeling machine, Film wrapping
machine, Conveyor
